SPECIAL MEETING
FFy 1988
COMMUNITY DEVELOPMENT BLOCK GRANT

A legally advertised meeting of the Shenango Township Board of Supervisors was held Thursday, June 9, 1988 at 7:30 p.m. with supervisors Joseph Shinsky, Andrew Piccuta and Ronald Golba present.

The meeting was opened by Chairman Joseph Shinsky. Mr. Shinsky explained that the purpose of the meeting was to present the Block Grant Program for those in attendance, and then open the floor for any comments by interested individuals.

The CDBG Program was then presented which included the following: explanation of the program such as the Township Allocation, who it will benefit and what income levels will be used. Also explained were the eligible activities, the Three-Year Community Development Plan and the Time Schedule. The Board stated that they intend to use the FFY 1988 funds to aid persons with their tap-in and front-foot assessments from the current sewer project.

After stating what prior CDBG funds were used for the floor was opened to those in attendance for a question/answer period and suggestions. Mr. William Benzick from Cornell Avenue asked if the funds for next year could be used to aid those persons who are unable to attain money elsewhere for maintenance on their homes. Mr. Larry Peak from Pleasant view Drive asked that funds for next year be used for extension of water lines into his area. These suggestions, if considered eligible activities, will be reviewed for next year's funding.

As there were no further comments, there was a motion by Joseph Shinsky, and a second by Andrew Piccuta to adjourn.
